Dear Giulia

I hope that you are doing fine.

While we are preparing for last organizing study visit that will be placed at Masaryk University in Brno, Czech Republic in frame of WP.2.5., we are making plans for further activities on FINAC project and how to keep dynamic in project fulfillment obligations.

Namely, during June 7-10, 2018 will be organised International conference SymOrg2018 by Faculty of Organisational Sciences, University of Belgrade at Zlatibor (Mountain and student camp in central part of Serbia). See link: <http://symorg.fon.bg.ac.rs/2018/01/08/first-call-for-papers>

President of Scientific board of Conference, professor Nevenka Zarkic Joksimovic has offered us possibility of organizing a special section within conference program, dedicated just to FINAC ERASMUS+ project.

Our opinion is that is great opportunity for promotion of FINAC project, particularly due to SymOrg is international conference that is traditionally gathers people from practice, public administration, public companies, and media as well. Domestic and international.

Therefore, we are kindly asking for authorization on participation in International conference SymOrg2018 of representatives of all partner institutions, in a total number by institution of 3.

By that occasion we would like to have and Steering Committee, particularly due to till then all partner institutions in Serbia and Albania should have accreditation in Serbia or licenses in Albania for enrollment students on Master programmes, that are specific goals of the project.

Thank you in advance for support.

Best regards

Dear Sladjana,

Thanks for your message.

In order to evaluate your proposal I would need to receive the following information:

A budget estimation, which would include the number of people from the project participating in this mobility, the days of mobility, the programme of the mobility (please differentiate between participation into the SymOrg2018 and steering committee of the project).

Concerning the participation in the SymOrg2018 I would need to receive the programme of the event where it is evident that the FINAC project will be introduced.

Thank you in advance for your cooperation.

Best regards
